#BAPN2022

Appendix 1 - Abstract presentations and posters

Oral presentations (video presentation + 2 mins questions)

Session 1, Thursday 27th January, 15:30

Circadian regulation of glomerular function – *Rebecca Preston*

Urinary IgA and C5a levels are indicators of renal involvement in children with IgA Vasculitis – *Julien Marro*

Virtual nurse - The pandemic leap – *Nadine Clark*

Can primary care consultation patterns identify children who go on to develop severe chronic kidney disease? – *Lucy Plumb*

Session 2, Friday 28th January, 13:20

Clinical outcomes and quality of life in children with multi-organ transplants: A 20 Year national study (Results of the Pilot Study) - *Alicia Paessler*

Unexplained paediatric end stage renal disease – early results from South West Genomic Lab Hub – *Felicity Beal*

Flash abstracts (1 min video presentation + 1 min questions)

Thursday 27th January, 15:30

Identification and investigation of hypertensive paediatric inpatients in a district general hospital setting – *Samantha Williamson*

Developing evidence for long-term renal follow-up in premature infants: can we prevent chronic kidney disease (CKD)? - *Naveen Athiraman*

What are the psychosocial factors influencing access to kidney transplantation and transplant outcomes for children? A Systematic Literature Review - *Ji Soo Kim*

Hidden in plain sight: a qualitative study of the pathway to specialist care in late presenting chronic kidney disease for children, young people, and their parents – *Lucy Plumb*

Renal function in children after heart transplantation - *Milos Ognjanovic*

Kidney - Skin Roma connection - *Stuart Barfield*

Costs of hospital outpatient medicines for patients pre and post renal transplant for 2006-2018 - *Judith Cope*

Acute Kidney Injury in paediatric allogeneic stem cell transplants - *Chloe Mackintosh*

Evaluation of height centile compared to parental-adjusted target height centile following kidney transplantation - *Sellathurai Gajendran*

Neonatal Renal Vein Thrombosis (RVT) – to heparinise or not? A single paediatric tertiary centre experience - *Cheryl Lim*

Virtual posters

Ambulatory blood pressure monitoring as a tool for assessment of hypertension in obese children - *Victoria Brice*

COVID-19 associated autoimmune haemolytic anaemia and severe Acute Kidney Injury (AKI) in a 3-year-old boy - *Joe McAllister*

Increased Incidence of tubulointerstitial nephritis and uveitis in children during the COVID-19 pandemic - *Faezeh Sakhinia*

Withholding treatment: When parents and doctors disagree - *Karen Norman*

A case of bullous pemphigoid in an immunosuppressed renal transplant child - a paradoxical phenomenon? – *Cheryl Lim*

Henoch-Schönlein Purpura (HSP) – what can we learn from biomedical and clinical anatomy practice on this multidisciplinary disease? - *Shahid Muhammad*

Appendix 2

Quality in Practice

KQuIP Improve and Learn programme launch including KQuIP network discussion groups

Friday 28th January, 10:05 – 12:25

Time	Topic	Speakers
10.05 – 10.15	Introduction to KQuIP - <ul style="list-style-type: none"> • Current Landscape: KQUIP workstream, RSTP and BAPN QI lead • Paediatric KQUIP launched 2020...continue to evolve: projects and networks • Commitment this year to education 	Daljith Hothi and Arvind Nagra
10.15-10.25	KQuIP improve and learn programme	Catherine Stannard and Julie Slevin
10.25 – 10.45	Shared Decision Making	Arvind Nagra
10.45– 10.50	Haemodialysis	Nabil Melhem and Lynsey Stronach
10.50 – 10.55	Peritoneal Dialysis	Roy Connell and Zainab Arslan
10.55 – 11	Home HD	Amanda Newnham and Natasha Baugh
11 – 11.05	GrOWtH	Caroline Anderson
11.05 – 11.10	Transplant	Jan Dudley and Stephen Marks
11.10 – 11.15	Patient Experience	Andrew Lunn
11.15 – 11.30	Comfort break	
11.30 – 11.35	Welcome and explain next steps	Catherine Stannard and Julie Slevin
Breakout workshop 1: 11.35 – 11.55 Breakout workshop 2: 11.55 – 12.15	BREAKOUTS Timed intervals of 20 minutes, delegates choose a total of two session options to attend. <ol style="list-style-type: none"> 1. Home HD 2. PD 3. Transplant 4. GroWtH 5. Patient Experience 6. Haemodialysis 	Project leads host and lead 20 minute meeting (twice) Content and outcomes TBC
12.15 – 12.25	Close and next steps	Daljith Hothi and Arvind Nagra
12.30	LUNCH
