

UK Kidney Association
Rare Renal

Clinical Fellow - National Registry of Rare Kidney Diseases (RaDaR)

This is a unique, three-year out-of-programme secondment opportunity for a trainee renal doctor to develop specific expertise in statistical analyses of rare renal disease cohorts

The UK Kidney Association (UKKA) works to improve lives by supporting professionals in the delivery of kidney care and research. The UK Renal Registry is part of the UKKA and collates data from renal centres and hospital laboratories to improve the care of patients with kidney disease in the UK.

The National Registry of Rare Kidney Diseases (RaDaR) is a UKKA initiative designed to pull together information from patients with certain rare kidney diseases. This will give a much better understanding of how these illnesses affect people. It will also speed up research.

Hours: full time
Salary: the unbanded rate at your level of SpR training
Contract: 3 years secondment
Location: Combination of office-based and remote working
The UKKA is based in Filton, Bristol

The role and opportunities

We are seeking a specialist registrar to be the primary source of clinical input for the RaDaR statistician, supporting them in the preparation of statistical analyses, data collection and validation. The postholder will have key input

It is expected that the postholder will develop their own research project and register for a higher degree within the first three months of this fellowship. Opportunities exist for collaborative projects with the wider kidney community.

The person

- experience and familiarity with UK hospital systems and practices
- trainee kidney doctor functioning at ST3 level or above
- have, or be eligible for GMC registration that allows you to work in posts that are not recognised for training.
- research theory and practice
- data organisation and analysis
- research papers and/or audit reports

To arrange an informal discussion, please contact Professor Daniel Gale at d.gale@ucl.ac.uk or Jennifer Barwell at jennifer.barwell@renalregistry.nhs.uk.

To apply, please email Jennifer Barwell, with your CV and a covering letter outlining your experience and skills highlighting your suitability for this vacancy, against the requirements outlined in the job description.

Closing date: 10th December 2021
