

Senior Project Manager – Operations and Research

Can you apply excellent leadership and project management skills to offer effective coordination and management of the project activities in the programme of audit and research at the UK Kidney Association?

Salary: £44,041.20
Contract: Permanent
Hours: Full time (part time applications will be considered); flexible working
Location: Bristol
Combination of office-based and remote working

The Job:

Effective and professional management of the activities in the programme of audit and research at the UK Kidney Association and operational work streams, in accordance with good management practice, governance and legal requirements. Maintain an overview of all UKRR programmes and projects, liaising with project leads, co-ordinating work streams and overseeing project delivery within agreed timescales.

The person:

- Exceptional written and verbal communication, and interpersonal skills
- Proven and successful project management experience
- Highly organised and motivated
- Analytical mind and proactive approach
- A knowledge of research would also be advantageous

Benefits:

- Flexible and hybrid working
- Individual training budget
- Health and wellbeing initiatives, including Cycle to Work scheme
- Employee assistance programme
- Generous pension scheme

For further information on the role or to apply please email Jennifer.barwell@renalregistry.nhs.uk. Please include in your application your CV and a covering letter outlining your experience and skills highlighting your suitability for this vacancy, against the requirements outlined in the job description.

Closing date: 1st November 2021
