

The National Kidney Patient Reported Experience Measure

Online only this year

Your Voice Matters!

complete the survey at
kidneycareuk.org/prem-2020
1st October until
12th November 2020

Share your experience of kidney care

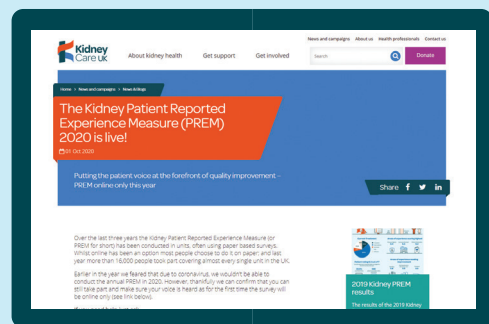

We need kidney care to always be improving and to do that it's important that, as someone living with kidney disease, you have your say about your experience of care.

It's by listening to you and getting your feedback that we can make change happen and improve services. Your views really matter to us. This unit is committed to assisting you to take part in this important annual patient survey.

The online survey is available in English, Welsh, Urdu and Gujarati and is completely anonymous.

Don't have a phone or computer?

Ask your renal team, family member, carer or friend if you can borrow a digital device to complete the PREM 2020.

"I was only too happy to fill in the PREM online as it was a lot easier."

Simon - Cornwall
